

Victor Reader Stream

Small in size, Big on features!

Digital Accessible Information System (Daisy)

The only DAISY player that offers you so much in such a small package

Download your favourite books and MP3s on your Stream and leave home with your library in the palm of your hand. This versatile, powerful DAISY-MP3 and NISO player lets you read and navigate through complex books, such as reference manuals and school books, as well as novels and magazines. You can also use its built in text to speech to read books in text format such as Bookshare. And that's not all... there are many more functions, including an integrated microphone to record voice notes. No other DAISY player offers you so much in such a small package... and at such an affordable price.

Packed with DAISY functions

This little player packs a mighty punch, offering high performance and advanced navigation. Victor Reader Stream gives you access to a book with equivalent speed, flexibility and accuracy of reading a printed book. Full control is at your fingertips.

Your books and music go everywhere with you

Since it is ultra-compact and sleek, you can take it everywhere. No need to bring CDs with you... it stores everything in its SD memory card. Only the size of a deck of cards, it fits in the palm of your hand and can easily be carried in a pocket or clipped on your belt in its attractive case.

Hours of uninterrupted reading

Since you will not want to stop using it, Stream comes with rechargeable batteries providing up to 15 hours of uninterrupted listening time. So long trips become the perfect time to catch up on reading.
